EXPERIENCE

Creatisoul LLP, HSR Layout— UI Developer

2022–2024 (Immediate Joiner)

As an accomplished UI Developer, I possess extensive experience in building responsive, interactive websites using HTML, CSS, and JavaScript, delivering high-quality, user-centric solutions.

- Design responsive and visually appealing UIs with CSS, using techniques like Flexbox, Grid, and media queries, and implement animations for an engaging user experience.
- Create and maintain well-structured HTML to define the layout and content of web pages, ensuring semantic markup for accessibility and SEO.
- Develop interactive functionality using JavaScript, manage DOM manipulation, and handle events to create dynamic and responsive web pages.
- Optimize web performance, conduct cross-browser testing, and ensure consistent rendering across all major browsers and devices.

EDUCATION

SSR College, Bileshivale,Bangalore — *BCA*

2016- 2019
- CGPA – 7.5/10
- Honor In Python Django Web Development Course
